"Cats are connoisseurs of comfort."—James Herriot

What is a cat cafe?

A cat cafe is essentially a coffee shop with free roaming cats. The idea of cat cafes originated in Taiwan in 1988, and was brought to Japan in around 2005. In East Asia, most people live in apartments and are not allowed to have pets, so the cats in the cat cafes there tend to be permanent residents. Cat cafes have now spread throughout the world. Korea, Austria, Spain, Germany are among the many countries where cat cafes can be found.

Why do people visit cat cafes?

Due to restrictions regarding owning pets, or maybe someone in the family being allergic to cats, many cat lovers are not able to have pet cats. Cat cafes are a way these people can spend time with cats and interact with them while enjoying snacks and some coffee to relieve stress after a hectic day.

Catness Cat cafe

Here at Catness, besides operating as a normal cat cafe, we also provide services such as:

Foster care: Going somewhere but don't want to take your pet with you? We've got you covered! Just book your slot and leave your cat with us. We promise to take the best care of your pet while you're away!

Cat adoption: Our cafe acts as a shelter to these feline creatures. So if you happen to form a special bond with any of them when visiting, we'd be happy to let you adopt them and provide them with a forever home!

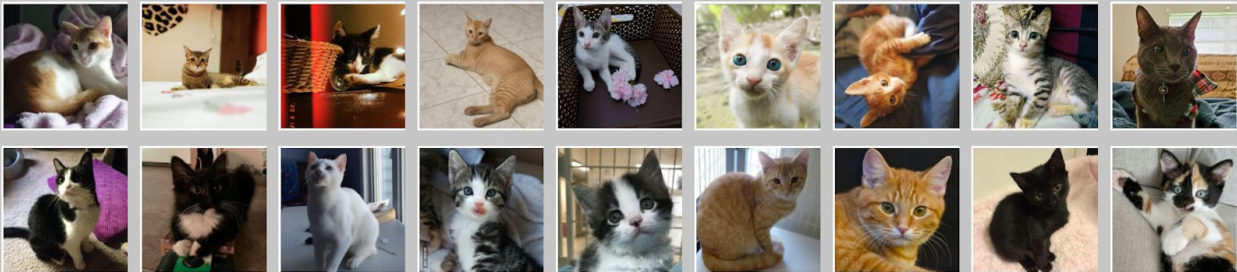

Pet accessories: Choose from our collection of pet accessories to cater to your cat's daily needs!

Online services: We provide home delivery of our products (pet accessories and items on our cafe menu).

Our rates:

Slot reservation: 200/- per hour
Foster care: 800/- per day

Meet our cats!

The index gives an overall introduction to what a cat cafe is and also introduces this specific cafe and its services, products and the cats it provides shelter to. Making the cursor hover over the cats' pictures brings up their names as captions.
